Book Summary (Back flap, 400 characters)

Original Version:

Years of edifice with the Serranto Family Empire fuses two brothers igniting them by indifference, greed and power. A corrupt kingdom where rules or family allegiance do not apply lastly explodes leaving only one. But which brother will stand supreme as the other suffers and falls in annihilation? Whether wrong or right destruction decimates everything in its wake leaving nothing.

Julie's Edited Version:

Walking away from the imploding Serranto Family Empire isn't easy, even for their top hit man, Nicky Serranto. Being left to die only fuels Nicky's revenge against his brother in full force. As Nicky battles the evils of family and alleged allies, he struggles to forge away from his past, until his crime path crosses with Kate MacAvoy. For a man of Nicky's caliber, trust doesn't come twice, if it ever comes at all—and achieving it will come at a price no average man is willing to pay.
